

Failed BLS airway management:	<input type="checkbox"/>
Description of BLS airway management attempts	<input type="checkbox"/>
Unable to ventilate	<input type="checkbox"/>
Unable to oxygenate	<input type="checkbox"/>
Unable to relieve obstruction	<input type="checkbox"/>
Failed ALS airway management:	<input type="checkbox"/>
Description of ALS airway management attempts	<input type="checkbox"/>
Unable to ventilate	<input type="checkbox"/>
Unable to oxygenate	<input type="checkbox"/>
Unable to relieve obstruction	<input type="checkbox"/>
Indications for cricothyrotomy:	<input type="checkbox"/>
Failed ALS or BLS airway management (unable to ventilate, unable to oxygenate)	<input type="checkbox"/>
Airway trauma / incompatible anatomy	<input type="checkbox"/>
Airway obstruction (unrelieved by other means)	<input type="checkbox"/>
Airway edema / distorted anatomy	<input type="checkbox"/>
Description of landmarks:	<input type="checkbox"/>
Description of procedure:	<input type="checkbox"/>
Needle Cricothyrotomy	<input type="checkbox"/>
Surgical Cricothyrotomy	<input type="checkbox"/>
Bougie Assisted Surgical Cricothyrotomy	<input type="checkbox"/>
Percutaneous Cricothyrotomy	<input type="checkbox"/>
Endotracheal tube (or device/needle) size:	<input type="checkbox"/>
Depth of endotracheal tube at opening (if used instead of commercially prepared device):	<input type="checkbox"/>
Securing of airway device:	<input type="checkbox"/>
Neck stabilization after cricothyrotomy (protection of airway placement):	<input type="checkbox"/>
Cervical collar or blankets	<input type="checkbox"/>
Cricothyrotomy placement confirmation	<input type="checkbox"/>
Waveform EtCO <sub>2</sub> , lung sounds, chest rise, negative epigastric sounds	<input type="checkbox"/>
Ventilation rate after cricothyrotomy	<input type="checkbox"/>
Airway placement reassessment after each patient move:	<input type="checkbox"/>
Waveform EtCO <sub>2</sub> , lung sounds, chest rise, negative epigastric sounds	<input type="checkbox"/>
Description of any airway difficulties or challenges:	<input type="checkbox"/>
